WORDS SABINA-LEAH FERNANDEZ

**HEY GOOD LOOKING**

Surround your number one woman with pretty things for her travels. The lyrically titled Trip Away Scarf, a collaborative effort by Singaporean and Australian designers, is the perfect all-weather throwover that won't get crumpled in your suitcase (+65 6400 2841). Just as poetic in their design, are these scented pillar candles from Bali's The Natural Light Company, which is also known as Sinar Alami (tel: +62 361 288072). Once lit, the handpainted ornaments are the perfect companion to a long, luxurious bath in the hotel tub.

# Mummy loves you.

Or at least she will, once you give her Mother's Day gifts like these

**RIDE THE WEAVE**

Shopping in Bali? Score these woven beauties. Pandan leaves, cotton and leather work wonderfully together in these Legian Bags (right) from Ku De Ta (+62 361 7636969). Another unlikely pairing, the Jenggala rattan tea set above (+62 361 703311) is a definite conversation piece. To score brownie points, mention how much fun you and Mum had on your Balinese vacation.
