[72 Smalldive](#) is an independent fashion label that debuted in Paris Fashion Week S/s 2008. Despite being a "baby label", two of their products were awarded "The Product Design Of The Day" by Agence Marc Praquin for innovative design in fashion accessories.

I have been in love with their Calfskin Clutch Purses since the very first moment. For the brilliant colours, the amazing shape and the fact that every piece is handcrafted or produced only in limited quantities.
